Occupational Health and Safety Management Policy

As a total solution provider in PCR molecular diagnostics, Seegene takes the lead in realizing a "world free from disease and future pandemics" through unprecedented and innovative technology-sharing initiatives.

We place the safety and health of all employees and customers as our top priority. To deliver on this commitment, we declare the following Occupational Health and Safety (OHS) Management Policy.

OHS Management System	We implement an optimized occupational health and safety management system across our workplaces to prevent incidents and protect everyone's well-being.
Compliance with Health and Safety Regulations	We strictly comply with all relevant occupational health and safety laws and internal regulations and strive to meet the requirements of all stakeholders.
Creation of a Safe Working Environment	All employees actively participate in risk assessments and OHS activities to identify, evaluate, and mitigate risks, fostering a safe and healthy work environment.
Promotion of a Safety Culture	We encourage open communication and collaboration with employees and partners to build a proactive safety culture where everyone takes ownership and contributes to continuous improvement.
